Expertise Information:

The Art House Geiser (AHG) was established in 2007 to encourage scholarships and to organise exhibitions of Josef-Anton Geiser art. Among the AHG programs is a service providing expertise to owners of Geisers works.

After careful examination and research, a report will briefly state if the examined work was authorized and created by the artist or his estate, or if it was not authorized by the artist or his estate, or if no conclusive answer could be found at the time of examination.

If you would like a written evaluation of your artwork, the AHG charges a standard fee of \$1,000, payable in advance. We require the owner of the work to sign the attached release form.

All works must be physically examined. The fee mentioned above does not include transportation, insurance, handling of the work, wire charges or other bank fees.

Please contact the art house geiser directly to arrange delivery (Mühlweg 112, DE-92637 Weiden, Germany). The art house manager can be reached via E-mail at info@painted-art.com or phone at +49 961 3883888.

Please arrange to have the work delivered to the art house in a suitable container for return shipping. Moreover, the work should be sent prepaid (incl. duties, taxes, customs charges, etc.) as the art house is not responsible for any shipping charges (to and from). Please contact the art house for their handling and return shipping rates. This fee has to be prepaid as well. If the work is stored at archive for over a week, additional storage costs will accrue. Please be advised that the insurance of the art work is responsibility of the owner of the art work. We would appreciate it if you would fill out the attached questionnaire and would include photographs and written documentation, if available. Such information may or may not be included in our forthcoming catalogue.

We thank you for your interest in the work of Josef-Anton Geiser.
